SWOC Represented at the Ohio Sportsmen's Reception

Jim and Lisa Hayes and John and Hanna Stohlman attended the Ohio Sportsmen's Reception at the Ohio Governor's Mansion. Governor John Kasich gave a speech saying that Ohio Sportsmen are the backbone of the Ohio economy and that we need to continue the hunting, fishing and trapping traditions by encouraging youth and sponsoring youth programs. He also said that Sportsman need to stand up and speak out more, because our opponents have no problem speaking up and we need to show that we won't back down. Ohio's Lieutenant Governor Mary Taylor spoke about her hunting and fishing heritage and that she was proud to be a gun owner to protect her family.

Dove hors d'oeuvres, Vinson Chili and Fried Walleye was served.

Archery Hunting TIPS

Article from American Hunter Website by Bill Winke 9/6/11

Treestand Techniques: When people miss from a treestand, they often miss high. There are two reasons. First, the deer itself may "jump the string." Almost all of them drop at least a little, some drop a lot. Second, some archers lower their bow arm instead of bending at the waist to create the downward shot angle. This also tends to produce high hits because it changes the relationship between the bow arm and the upper body and thus between the bow and the eye.

Make a Surprise Release: Target panic is the attempt—and the inability—to hold the pin steady on the intended target while taking a shot. Invariably, the afflicted will issue a "Now!" command in their mind when the pin hesitates on the spot. Trying to time the shot eventually creates a mental gridlock resulting in very inconsistent (and distressing) shooting. The cure is simple, just learn to create a surprise release.
